

Constitution Amendments

The purpose of this constitution review is to ensure it is fit for purpose and accurately reflects the current objectives of the Devon Association of Ringers.

Proposed changes

Amendment	Reason
Remove rules from Constitution	To ensure they are two separate documents
Replace word 'deaneries' with 'area'	To reduce the size of the committee, with two committee members covering more than one deanery in each new area. Deaneries will remain named within the constitution and changes to Diocesan Deaneries will not affect the Association boundaries
Additional information regarding affiliation fees	To ensure clarity around when affiliation fees are due and the period they cover
Two area representatives rather than one per deanery, and vacancies will remain until an individual from the relevant area comes forward	To ensure fair distribution of representatives and to reduce the size of the committee
Quorum of Executive Committee to be three	To ensure transparency and good governance
Removal of Long Service Awards	To allow people to be nominated rather than responsibility on the Association to provide awards without sufficient information
Addition of information surrounding AGM quorum; if the AGM is not quorate, the meeting will go ahead and individuals will have two weeks' to contact the Honorary Secretary with issues	To balance transparency and good governance with the business required to be transacted and the committee being able to continue its work
Replace 'voting on competition towers' with 'ratification of competition towers chosen by committee'	To manage issues around securing towers and ensuring that towers put forward are appropriate
Removal of responsibilities of Publicity Officer	Rise in social media and email distributions have diversified the responsibility of the role
Remove reference to Annual Draw	Amend to 'aim to raise funds for the Devon Bell Restoration Fund'

Proposed areas

Areas – North

- North West
